

Cultural Resources Management & Terrestrial Archaeology

MCE has considerable skills and experience necessary to provide comprehensive environmental and archaeological services to our clients. Our purpose is to ensure a balanced, responsive and cost-effective approach to compliance.

MCE personnel are experienced in meeting our client's needs for all phases of compliance issues, including Phase I, II, III investigations, Section 106 and 110 evaluations, FERC, ARPA, Historic American Buildings Survey/Historic American Engineering Record (HABS/HAER) and National Register eligibility statements. In addition, **MCE** can perform GPS surveys and GIS mapping.
